### Description of the organisation

Lifelong Learning Centre (LLC) "Epimorfotiki Kilkis single member llc" (Epimorfotiki) was founded in 1995 in Kilkis (North Greece) with the purpose to organise and deliver modern Vocational Training and Lifelong Learning Programmes (LLP), as well as advanced Consultative & Supportive Services to Local Authorities, Civil Society Bodies, Education Institutions, etc., including active involvement in EU programmes and Initiatives. Epimorfotiki aims at continually promoting sustainable development of Kilkis Province, as well as the business activity through the development of local human resources.

Epimorfotiki employs 11 persons (5 men and 6 women) with long experience and profound knowledge in the field of Vocational Training, LifeLong Learning, Consultancy and EU programmes and Initiatives. In addition to the permanent staff, Epimorfotiki has also developed a wide network of collaborators, which includes a Quality Consultant, VET trainers, Counsels of Vocational Orientation and Human Resources, Counsels of Continuous Local Development, ICT experts, etc.

### Experience of the organization in previous European projects

Erasmus+ KA2 – Overcoming Student Challenges and Aiding Retention (2019)  
Erasmus+ KA2 – Blended teaching and learning in VET schools (2020)

### Experience and Expertise of the organization in the project's subject area

Epimorfotiki Kilkis has a permanent collaboration with schools, and other educational institutions. Except for the dissemination activities Epimorfotiki Kilkis involves other educational institutions in its activities, i.e. collecting questionnaires for surveys, implementing educational activities together, exchanging good practices and many more.

Epimorfotiki Kilkis actively involved in the following projects as a partner, contributing to the implementation and the creation of the intellectual outputs of each project.

-Erasmus+ KA2 – e-Learning from Nature. Except for the other project's activities, Epimorfotiki Kilkis cooperated with five schools of the secondary level to create content for this project.

-Erasmus+ KA2 - A Chance for Change: Empowerment & Restoration. CAHNCE project aims to develop innovative, community-led, educational methods and tools to help address the root causes that lead to gender- based violence and gender discrimination as they impact on young people.

-Erasmus+ KA2 - Erasmus+ KA2 - CSR and Ethics in Training Centres for Benefit of all. CSR project aiming at developing a more inclusive educational system. The main objective is to contribute to "sustainable investment, performance and efficiency" by promoting CSR in the European educational field.

-Erasmus+ KA2 - Overcoming Student Challenges and Aiding Retention. The OSCAR project aims to identify best practice in how organisations across the EU tackle the issue of student drop-out through having mental health challenges. It aims to take a wider view through the approach of identifying ways of enhancing positive wellbeing, as well as improving systems in mental health challenges.

-Erasmus+ KA2 - Technological Empowerment for VET trainers. An Open Educational Resource (OER) to train VET trainers in the design and use of m-learning methodologies (2015-2017). This project aims to make mobile learning a reality in VET centres by supporting teachers, trainers, educational staff and youth

workers in acquiring or improving the use of mobile learning and related digital competences in an Open Collaborative Learning Platform.

-Erasmus+ KA2 - Work Based Learning 2.0 (2016-2018). The project aims to improve the cooperation between VET providers and companies so as to provide a market-oriented training offer and business driven learning paths to the students of the web design and social media managers.

-Grundtvig IST project "Electronic Classroom in Collaborative Environments" (EI-CLASS-iCO)

-Grundtvig Partnerships "Tech-Connected Teacher" (TC-Teacher)

### **Contributions that can be provided to the project**

Epimorfotiki Kilkis has rich experience on the field of education by implementing Vocation Training and Lifelong Learning courses for more than twenty years. In addition, specializes in advanced Consultative & Supportive Services, including active involvement in EU programmes and Initiatives. The LLC aims at continually promoting sustainable development of Kilkis Province, the business activity and the development of local human resources.

Epimorfotiki introduces innovative tools and means in administration-management as well as education, providing Lifelong Learning services to all adults' groups, with every available educational tool and in regards to every learning subject.

### **Reasons of involvement in the project**

The main objectives of the project meet the overall philosophy of Epimorfotiki which is to continually promoting sustainable development of Kilkis Prefecture, the business activity and the development of local human resources.

Epimorfotiki Kilkis through the involvement in Erasmus+ projects try always to exchange experiences with other partners from all around Europe and exploit that experience to enrich its learning potential for the benefit of the local community.
